Canvas Basics Challenge Tasks

Please complete the required tasks as a group during the class

Tasks for all groups

- Create a module in Canvas with at least three items, such as assignments, quizzes, and discussions.
- Create a Canvas page that includes multimedia elements, such as images and videos
- Add all your group members to the course and demonstrate how to communicate with them using Canvas.
- Create a Canvas discussion topic that encourages student engagement.
- Create a group assignment in Canvas for all your group members.
- Grade a sample assignment and a quiz in Canvas.
- Provide feedback to the student using Canvas comments.
- Generate a course access report in Canvas.

Tasks for lottery (choose 2 out of 4)

- Research and identify at least three best practices for effective online teaching and learning.
  - Create a Canvas module that includes resources and strategies for implementing these best practices.
- Create a Canvas quiz with at least five questions.
  - Set up the quiz to include feedback and randomization.
- Create a Canvas FAQ page that addresses common student questions.
  - Include information on how to access Canvas support resources.
- Create a Canvas survey using the Quizzies.
  - Include questions that assess student satisfaction and learning outcomes.
